

**4** DR. RONI  
**RETREAT**

Located on the beautiful Island of  
Martha's Vineyard

*"Today more than ever the world needs  
alternative solutions for Holistic and  
H.E.A.L.E.D. practices.  
People need a place to **HEAL**"*

## OUR STORY

### Rising from the Ashes

After the success of the New York Times best-selling book "**21 pounds in 21 days,**"

I spent a lot of time contributing to numerous TV Shows and creating articles on how to leverage nutrition to overcome chronic illness. Since the pandemic, I have predominantly been working with private clients. We also had to overcome the devastation of a fire at the Holistic retreat. This was hard for the team and all those who have experienced our retreat. Unfortunately, we had to put everything about the retreat on hold. The pandemic gave us time to rebuild, it gave the Retreat time to **HEAL**. I founded the retreat on Martha's Vineyard over 30 years ago. My children grew up here. Before the pandemic and the fire, we helped thousands of people from all walks of life, including high-profile celebrities, and politicians. Our innovative therapies treat various ailments and help you overcome chronic illnesses along with helping with weight loss, detoxification, and longevity. Today alongside my **ANGELS** we are looking forward to seeing you again as we **OPEN** our doors. We are **THANKFUL** for everyone who has supported us along the way. There is no place I would rather be than at my **HEALED RETREAT** here on this beautiful island of Martha's Vineyard. I cannot wait to welcome everyone back and allow the healing to begin.

We have **RISEN** from the ashes and are **READY** to **RECEIVE**,

**READY to HEAL.**

## TESTIMONIALS.

*"Dr. Roni has worked with thousands of people. Hear from two of my H.E.A.L.E.D, ANGELS, We love hearing success stories. Please share yours on our Dr. Roni - Healed Retreat Facebook Page."*

“

When Gregg got his cancer diagnosis at the beginning of the year she was one of the first we called. She did what she could do to get us there **#immediately**. Days later we were on the island of Martha's Vineyard with her.

She and her team treated Gregg and did a phenomenal job with his Holistic Care. ...If you've not heard Gregg's testimony thank God he is **"Cancer Free!"** GOD is so good. And I'm so thankful for the skillset to help others' visions come to reality!

"Last summer I was blessed to visit Dr Roni's retreat center on Martha's Vineyard and it was truly life-changing. Not only did I lose 22 lbs in just three weeks, but I also have never felt better and healthier in my life. The program at the retreat center was incredibly effective and the staff was supportive and helpful throughout the entire process. I highly recommend Dr Roni's retreat center to anyone looking to make positive changes in their health and well-being."

## TESTIMONIALS.

*"Dr. Roni has worked with thousands of people in helping them become the best version of themselves. If you would like to Share yours email or tag Dr. Roni Deluz in your testimonials "*

Dr. Roni provided my husband with multiple life-saving IVs after he tried to detox from alcohol without assistance and found himself in toxic shock. Her non-judgmental style of explaining his condition to him was key to getting him to acknowledge his dependency and successfully lead him onto the path of sobriety. He is now 18 months sober with no desire to resume drinking alcohol. I love the Retreat spirit. Thank you, Dr. Roni!

**Mr. Horton**

Dr. Roni has taken care of me and my family and friends for years. She is the most stable and caring individual. She has great technical skills in the area of blood work, Intravenous nutrients, and aftercare which is the most important part for me. We take her advice and care notes very seriously. We love our Dr. Roni.

**David Bryce**

I had the good fortune to learn from Dr. Roni firsthand. I spent 15 days at Her retreat, where I learned more about how to live healthily and how to eat the right foods than I had in my entire life. I feel very grateful to have had Dr. Roni share Her Knowledge About Survival with Me. Dr. Roni is a gifted teacher, diagnostician, and practitioner She has created a sanctuary in Martha's Vineyard and approaches health and wellness holistically and meticulously with steadfast encouragement and kindness What a gift to our Beloved Martha's Vineyard and the world

**Geralyn Dreyfous**

Every summer I try to visit Martha's Vineyard a magical place. I spend a wellness week with Dr. Roni. A truly life-saving experience for me because of her IV drips, Ozone treatments, and Sauna beds. Her care is what I need to reset my life. I would not be able to have a quality of life without her continued Telehealth services regarding my Lyme disease. She is an Angel on earth.
